

Alexis D. Furze, MD, FACS

Nasal & Sinus Surgery | Facial Plastic & Reconstructive Surgery

Dr. Alexis D. Furze is Orange County's expert in Nasal & Sinus Surgery and Facial Plastic & Reconstructive Surgery. In a field where experience is key, Dr. Furze is double board certified and has performed over 15,000 nasal and sinus surgical procedures, using the most advanced surgical and non-surgical techniques. Dr. Furze routinely performs highly effective, minimally-invasive procedures such as balloon sinuplasty – a novel treatment that involves opening and draining the sinuses permanently without the trauma and downtime of traditional sinus surgery.

His advanced training in nasal and facial plastic surgery allows Dr. Furze to address even the most complex nasal breathing issues while also improving the appearance of the nose to his patients' specifications through his individualized rhinoplasty approach. His accuracy in diagnosing and treating even the most complex cases has gained him recognition throughout Orange County and beyond. Dr. Furze is an expert in the placement of a new nasal implant that improves nasal breathing and eliminates the need for breathe right strips. Dr. Furze is one of the most experienced users nationwide in the placement of these minimally invasive breathing implants.

A Physician of Excellence, Dr. Furze holds two board certifications and three surgical fellowships including a fellowship in the American College of Surgeons and the American Academy of Facial Plastic and Reconstructive Surgery. Dr. Furze is also the Vice Chair of the Head and Neck Surgical Department at Hoag Hospital. Outside of his involvement in private practice, Dr. Furze also serves our Military Veterans as a facial and reconstructive surgeon for the Veterans Affairs Medical Center in Long Beach. As an active member of the Orange County community, Dr. Furze gives back by donating his medical expertise and surgical time to local health care charities.

With extensive training and experience in functional and aesthetic surgery, Dr. Furze is Orange County's choice for nasal, sinus and facial plastic surgery. The office of Dr. Furze is conveniently located on the Hoag Newport Beach campus to help serve Orange County and its surrounding areas.
